

5th World Congress on Cardiology and Cardiovascular Diseases - Awards

Vadim Lyubomudrov

In the spirit of spreading intelligence and knowledge, we present to you our next series of Cardiology Conference, the "[5th World Congress on Cardiology and Cardiovascular Diseases](#)" (WCCD 2020) programmed to be held on **November 12-13, 2020** in [London, UK](#). This conference is all set to provide contemporary visions and keys to accelerate innovation.

[WCCD 2020](#) is an excellent platform to discuss critically important research and to intensify collaborations and scientific research. This conference aims in gathering renowned scientists, professors and research professionals across the globe under a single roof, to discuss the research achievements and advancements in the field of [Cardiology](#) and [Heart health](#).

This heart conference will provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future cardiology. This gathering will encourage a nourishing exchange of facts and ideas about [Cardiology](#) and [Heart health](#). Thus, WCCD 2020 is a unique international conference that distinguishes itself by addressing topics that provide both scientific value and practical implementation strategies. Some of the conference highlights include, Cardiac Stem-cell Therapy, Pediatric Cardiology, Cardiac Implants, Advancements in Cardiology, [Interventional Cardiology](#), Veterinary cardiology, Hypertension, Cardiac Nursing and many more. This international event is an effort to find an alternative for invasive imaging technique against heart diseases and [heart failure](#) conditions in adults & children.

The categories of WCCD 2020 are:

- Oral Presentation
- Keynote Speech
- Video Presentation
- Poster Presentation
- E-poster Presentation
- Young Researchers Forum

WCCD 2020 encourages all cardiac enthusiasts who join us by honoring them with awards. The various awards to be presented at the event are:

1. Young Scientist Award and Research Excellence Award
2. Best Keynote Presentation
3. Best Poster Presentation

1. **Young Scientist Award:** Promoting and encouraging the achievements of budding researchers in the field, Advanced Heart 2020 will honor them with the 'Young Scientist Award'. This award will be honoured by the board members and if

willing, they would be able to publish the article in full-length for free in the corresponding conference journals.

Eligibility and Criteria: Any researcher below the age of 35 are eligible for this award. They must be engaged in research work laboratories/institutes. Each participant must submit their own unique research works or articles.

2. **Best Keynote Presentation:** A duration of 40 minutes would be given to each keynote speaker to present their research works. This award will be decided by the Organizing and Scientific Committee Members.

Eligibility and Criteria: Any experienced professional in the field who are engaged in research work laboratories/institutes is eligible for this Award. Everyone must submit their own unique research works or articles.

3. **Best Poster Presentation:** This presentation includes a combination of visual and oral presentation of the research articles in the form of a poster. The abstracts will be published in the supporting journals. Best poster will be selected based on the presentation style, research quality, layout, design and clarity.

Eligibility and Criteria: Any experienced researcher or a young research individual in the field, engaged in research work laboratories/institutes is eligible for the Award.
