

## Conference Announcement: Euro Dentistry 2020

Rachel Dilley

Dental field faces a major crisis in the need for standard dental practitioners and their ability to treat the occurring dental issues. The main achievement in dentistry is the practitioners' ability to use appropriate and effective equipment for patients.

Modern **Dentistry** must aim at providing optimum oral health care for all and improve the existing Oral health care for the benefit of the patient.

On behalf of the Organizing Committee and the editors of the Dentistry: Case Report pulsus conference welcomes you all to the **28<sup>th</sup> Euro Dentistry Congress**, which is scheduled to be held at **Edinburgh, Scotland** on **March 02-03, 2020**.

Another Big Step in Dentistry Conferences

On the overwhelming success of the 27<sup>th</sup> Euro **Dentistry Congress** our executive board takes the immense pleasure to welcome you all to the 28<sup>th</sup> Euro Dentistry Congress (Euro Dentistry 2020), which is scheduled to be held at Edinburgh, Scotland on March 02-03, 2020.

Euro Dentistry 2020 is focused on the theme: *Revolutionary trends in Dental Science*.

The 2-day dental event enhances Keynote and plenary talks along with workshops and symposiums with both academic and industrial scientific sessions like Dental Health, Innovations, and challenges in Dental treatments, Digital Dentistry and many more.

The **Dentistry conference** provides an excellent opportunity for Dental professionals, students, Professors, dental technicians, Researchers, Young scientist, Exhibitors in the field of Dental Health care, Dental Specialist, Dental Nurses and all the individuals interested in the field to gather and ponder about the different views and ideas in the Dentistry under one roof.

Euro Dentistry 2020 will provide a forum for the ideas and authoritative views by leading health care professionals and dental experts on Dental healthcare, Dental Nursing, Digital Dentistry, Treatment and Diagnostic methods in Dental, Current Challenges in Dental Care, advancements in Dentistry, Epidemiology of Dental and Oral Health Disorders, Pediatric Dentistry and more.

Various speaker opportunities, Oral Presentation, poster presentation, Young Scientist Forum, keynote sessions, Workshops, Symposiums, Video Presentation, Exhibition of various dental instruments and stuffs by global dental industries and associations, interactive discussions among the participants and Inter-personal discussion sessions among the attendees will be organized under the topics and sessions which are mentioned above. This congress will provide the suitable stage for every attendee to showcase their ideas and knowledge in various aspects of Dentistry.

We welcome all the Dental professionals, Students, Professors and faculties, dental technicians, Researchers and Young scientists to be a part of this exemplary dental gathering at **Edinburgh, Scotland** on **March 02-03, 2020**.

Looking forward to see you at Scotland
