It is a pleasure to announce and declare that the “[4<sup>th</sup> Global Summit on Food Science and Nutrition](#)” has been scheduled on **March 11-12, 2020** at **Zurich, Switzerland**. Food science 2020 invites the participants to share their knowledge and thoughts in the theme of [Foreground for Advanced Food Science, Nutrition and Diet](#). We are having participants of Keynote, Oral, poster, workshop and symposium to share research & technology. To grow research interest for students, we are encouraging students in the way of conducting a young research forum.

We are glad to invite all the Food scientists, food technologists, food microbiologists, food pathologists, Food & beverage manufacturers, food engineers, food nutritionist and food dietician to know advanced research technology and products. We are expecting 200+ participants for “[Food Science 2020](#)”

The keynote and Plenary talks would be presented by renowned speakers

1. Lara Hanna-Wakim
2. Omaira Nasir and etc.

A great way of learning about food technology by conducting workshop from
