Chen C. Editorial note on Anesthesiology case report. Anesthesiol Case Rep 2021;4(4):1.

## **EDITORIAL NOTE**

Anesthesiology Case Reports is a monthly, peer-reviewed, open-access publication dedicated to highlighting all essential research information on anesthesia and its related to case studies for successful contributions in the field of medical sciences. As an outcome, it has been decided that papers on these topics will be welcome in our Journal; and to emphasize the cultivation of Anesthesia. Our publication publishes a variety of case reports, case studies, and research papers from all around the world. We encourage all doctors, eminent writers, students, graduates, and others from all around the world, our magazine is the ideal venue for showcasing various types of case reports from all over the world.

Anesthesiology Case Reports specializes in digital advertising to help clients rapidly and efficiently communicate and attract new customers. Our advertising alternatives, which include banners, sponsored emails, article alerts, and newsletters, are large and diverse, providing businesses with the best-personalized marketing chances in science and health. We are a well-known publisher, with most of our publications indexed in prestigious databases such as Google Scholar, Scopus, and PubMed. The advertising platform we provide is the finest opportunity for you to showcase your products/services and promote your company.

The journal places the most emphasis on the author's unique contributions, which deal with essential instances in anaesthesia treatment. The criteria for such innovative findings are completely determined by the process of critical peer-review. The journal also benefits from the aid of a well-constructed editorial board, which includes highly regarded professionals in terms of

experience and skill in the field of anesthesiology. The journal also benefits from the assistance of a well-constructed editorial board, which includes highly renowned professionals in the field of anesthesiology in terms of experience and expertise. If you want to gain global visibility for your products and services, here is the place to be. We have engaged an audience of students, research researchers, scientists, doctors, professors, pharmacists, and professionals from companies across the domains, with over 5 million readers globally and approximately 3 million hits every month on our website. We adhere to the publishing industry's high quality and ethical standards, making us distinct and superior to the competition.

Pulsus Group Journals have got 1,062,262 sessions to date, confirming the impressive pool of new users and visitors. Pulsus Group Journals follow the Open Access publishing approach, making them the best choice for scholars and authors all around the world. We recognize the importance of timely announcement, and our effective and fast analysis procedure removes unnecessary delays in the construction, publication, and delivery of distributed material universal in record time.

I am pleased to offer Volume 4, Issue 4 of Anesthesiology Case Reports on behalf of the journal's Board of Directors and my co-editors. The magazine was founded in 2018 and has since published 8 issues: 5 issues each year. The average download per article is growing, with 100+ downloads per publication. All of these are encouraging indicators. We were able to reach this point thanks to the solid support of the Board of Directors and the kindness of the readers and contributors (authors and reviewers).
