

Successful Completion of 10th International Conference on Dementia and Dementia Care in Rome, Italy on July 24-25, 2019

Soraya L Valles

Another Dementia Care conference has been successfully completed the [10th Edition](#). We must thank the attendees, Conference Centre Staff, the Organizing Committee, Ad-Sponsors, Media partners and everyone else who helped to make this **10th International Conference on Dementia and Dementia Care** with the theme, *Enlightening the Advancements in Dementia Research and Care* a huge successful conference.

Our Attendees obtained the kind of advance technical information in the arena of Dementia Care that they were seeking, and that their role in the field has been enhanced via their participation. They were able to take part in all the sessions and take advantage of the tremendous advancements in Dementia Care that scientists are working with.

The Majorly Focused Highlights for our Dementia Care 2019 Conference were Clinical Stages in Dementia Progression, [Alzheimer Disease](#), Vascular Dementia, Dementia with Lewy Body (DLB), [Frontotemporal Dementia](#), Parkinson Disease Dementia, Recent Advances in Dementia Diagnosis, Technology and Dementia etc.

SAVE THE DATE, Dementia Care 2020 is coming!

Followed by the Successful Completion of the [Dementia Care Conference](#), the 10th edition, we are hosting its next edition “**11th International Conference on Dementia and Dementia Care** in **Paris, France** on **February 19-20, 2020**.

The theme focused for the [Dementia Care Meet](#) is *Dementia Care 2020: Improvement of the situation of people living with dementia and their carers*

Having you all with us for our [Dementia Care 2020](#) is a matter of great joy and excitement. We look forward to you all sharing your incredible knowledge, research ideas and to make a sprinkle with new enhancements at this 2-days event.

This time we have introduced some new highlights for our [Dementia Care Congress](#)

Diseases associated with Dementia, Neuroepigenetics in Dementia, Causes and Risk Factors of Dementia, Bioinformatics Approach in Dementia Research, Treatment Modalities of Dementia, Therapeutic Targets in Dementia, Clinical Trials and Drug Development, Dementia Awareness, Care Practices in Dementia, Rehabilitation and Dementia, Dementia Care Dos & Don't's, Case reports etc.

Dementia Care 2020 aims to bring all the Dementia professionals under all Dementia and Neurology fields for our [Dementia Care Meeting](#) to interact and share their knowledge and their newest research to the entire Dementia Community

Also this time, Our [Paris Dementia Conference](#) will be focus destination for the International Dementia Care Research Societies, Associations, and

Organizations. This event will bring together Dementia Care practitioners, Directors, Professors, Students from academia and researchers in the field of Dementia and healthcare, Government officials and global leaders to push forward the Dementia Care and Research.

Dementia Care Event is expecting more than 200+ Participants to enlighten the program. This time the [France Dementia Care Conference](#) will organize several Oral and Poster Presentations/Networking Sessions/Workshops/Symposiums/Exhibition as we have introduced several new tracks to bring in more participants.

We are looking forward for the [Dementia Care 2020 conference](#) to be successful just as the Dementia Care 2019 Conference!

We welcome all the [Dementia Care](#) Professionals, Delegates, Researchers, and Students to make your beautiful presence in Paris by February 19-20, 2020.
